

Millimetrica

RF & Microwave Components-Systems

Synchronization Solutions for Critical Applications

*When Timing
is Essential*

We provide Synchronization and Timing Solutions for Telecom infrastructure, Transportation, Aerospace & Defence, Broadcasting, Power & Industrial Applications.

From Time & Frequency Standards, to Time Servers, (NTP -PTP), Distribution Units, Displays, BUS Timing Boards, GPS Antennas, Time Measurement Instruments, Custom solutions.

**MILLIMETRICA
RF & MICROWAVE
COMPONENTS-
SYSTEMS SRL**

brandywine
COMMUNICATIONS

Communications and Public Safety

Timing Solutions for Critical Communications and Public Safety Applications
Data Centres, Telecom Network Synchronization, Emergency Call Centres

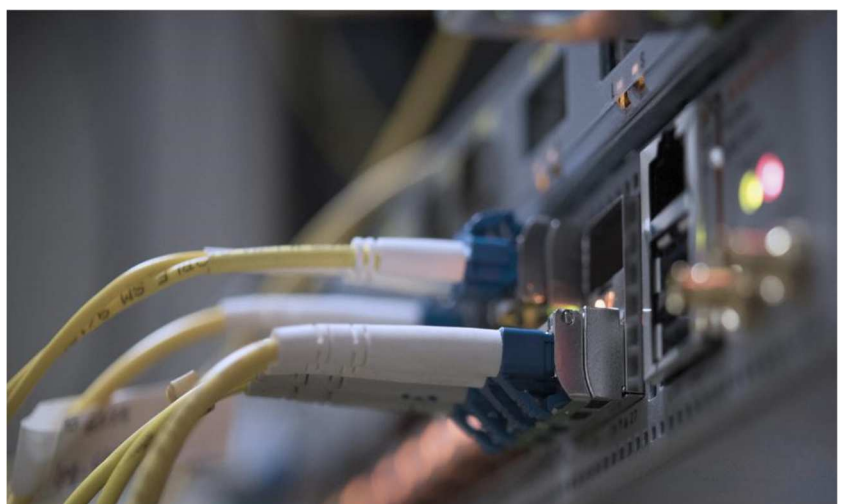

NTP Time Servers

PTP Time Servers

Modular Master Clock

GPS Time & Frequency Standards

BUS Timing Boards

Millimetrica RF & Microwave Components-Systems S.r.l.
C.so Sebastopoli, 38 10134 Torino ITALY
Tel. +39 011 3189910 Fax +39 011 3182579

Transportation

Solutions for Transportation Synchronization

Air Traffic Control

Airport Terminals

Railways

Metro Stations

BUS Stations

NTP Time Servers, PTP Time Servers, Modular Master Clock, Clock Wall Displays, Switch and Distribution Unit, Customized Systems

Millimetrica RF & Microwave Components-Systems Srl

C.so Sebastopoli, 38 10134 Torino ITALY
